ibrahimquazim.f@gmail.com  
LAGOS STATE.

Highly skilled and detail-oriented Frontend Developer and Backend Developer in developing responsive and user-friendly web applications. Seeking to contribute my expertise in HTML, CSS, JavaScript, and modern web development frameworks to a dynamic development team.

## SKILLS

---

- Proficient in HTML5, CSS3, JavaScript, and related frontend technologies.
- Strong experience with frontend frameworks such as React, Angular, or Node.js.
- Familiarity with version control systems (Git) and project management tools (Jira).
- Solid understanding of responsive design, cross-browser compatibility, and web accessibility.
- Excellent problem-solving and debugging skills.
- Strong communication and collaboration abilities.

## EXPERIENCE

---

- 10 - 2022 – 11 - 2023      **FRONTEND DEVELOPER, GLOBATECH – IKORODU, LAGOS STATE**
- Developed and maintained responsive web applications using HTML, CSS, and JavaScript.
  - Implemented modern frontend frameworks (e.g., React) to build interactive user interfaces.
  - Collaborated with cross-functional teams to gather requirements and ensure seamless integration with backend systems.
  - Collaborated with the development team to implement responsive designs and ensure cross-browser compatibility.
- 04 - 2022 – 11 - 2023      **BACKEND DEVELOPER, GLOBATECH – IKORODU, LAGOS STATE**
- Collaborated with the development team to ensure smooth integration of frontend and backend systems.
  - Assisted in database management and optimization.
  - Contributed to the development of internal tools and libraries to streamline backend development processes.
- 05 - 2023 – 06 - 2023      **FREELANCER, REMOTE**
- Developed an application logo
  - Worked closely with UI/UX designers to transform wireframes and mockups into functional web interfaces.

## EDUCATION

---

In view                      **INFORMATION AND COMMUNICATION SCIENCE, UNIVERSITY OF ILORIN**

## PROJECTS

---

Project 1: Developed a responsive e-commerce website using React and Redux. Integrated payment gateways and implemented product filtering and search functionality.

Project 2: Built a banking application utilizing HTML, CSS, JavaScript, and a third-party API to display real-time online banking.

Project 3: Created a portfolio website showcasing personal projects using a combination of HTML, CSS, and JavaScript.
